

From the BoilerMake Director,

Hello and welcome to BoilerMake XII! I am so happy you will be joining us for a weekend of fun, food, and perhaps a little bit of coding too! We have a lot of cool events throughout this event like tech talks with companies, and Super Smash Bros competitions, and The State Fair - our roadtrip break from coding! If you have any questions throughout the hackathon, please feel free to ask any of the BoilerMake organizers on Discord or in person. Good luck!

HACKATHON ADMITTANCE AND OVERNIGHT STAY

Due to space restrictions, we are not able to offer sleeping accommodations for this year. Hackers are free to continue working throughout the night and be present in the space with snacks and drinks being provided throughout.

WIFI

SSID: boilermake5 (5 Ghz)

Alternative SSID: boilermake24 (2.4 Ghz)

Password: boilermake2025 (All lowercase)

COMMUNICATION

For the latest updates, check our Discord, day-of website, or the app. Have a question?

Find an organizer in a green shirt or shoot us a message via Discord or email.

Discord: <https://discord.gg/cKKRGg32vq>

Day-Of Site: <https://www.boilermake.org/>

Email: team@boilermake.org

RAFFLE

At the end of each day, a few winners will be drawn from a raffle to receive a prize! Raffle tickets can be redeemed by participating in numerous events throughout the weekend (all of which will be announced beforehand). So please attend as many activities as you can so you can get the most amount of raffle tickets! When given a raffle ticket, make sure to write your first and last name & phone number down and stick it into the designated wheel at the exec hub!

SUBMISSIONS AND JUDGING

Please submit your hacks and add your table number to Devpost at the link below by the deadline in the schedule. Your projects will be judged on execution, creativity, and how technically challenging it is. We will be having a symposium/science fair style judging system where students will be demoing their projects at their table to judges and other hackers who will be walking around. Top teams will be selected to present their projects in a Shark Tank style to professor judges in a final judging round.

Emergency Contact

In case of emergency, do not hesitate to call 911 or an organizer to help.

If you are in need of an escort to and from campus buildings late at night, you may call the Safe Walk Program at (765) 494-SAFE (7233).
